Note: In every membership category a primary member is required to be designated. This individual has sole authority to determine who will be authorized for use of their membership (spouse or children) contingent upon the rules and regulations as set by the board of directors. This person is also responsible for payment of all charges placed on the membership account by authorized users. For purposes of this policy, unless otherwise directed by the primary member in writing to the LCC, spouses and children (denoted on application for membership) are automatically authorized use of LCC facilities which also allows them charging privileges on the account.
